

Watershed Protection Tips

Waste Recycling & Disposal Reference Guide

Why is proper disposal so important?

Properly dispose of wastes, and recycle when possible, to eliminate illegal discharges of pollutants into Ventura County's watersheds. Reuse and recycle hazardous and non-hazardous wastes when possible, to lower your disposal costs and the amount of waste entering our landfills and our watershed. Participate in materials exchange opportunities to reduce the waste you generate and to save money and resources.

You are responsible for implementing measures to prevent and enforce against illegal dumping of pollutants onto streets, gutters and into the storm drain system.

Ventura County Waste Management Resources

Who Can I Call to Get Information?

For general information on Ventura County recycling and disposal programs call (805) 658-4321 or visit: www.wasteless.org

Household Hazardous Waste (HHW) & Electronic Waste (E-waste)

Call the Ventura County Hazardous Waste Hotline at (805) 658-4323 or visit www.wasteless.org for information on upcoming collection events or to find a list of recycling and reuse facilities throughout Ventura County.

Business Recycling Assistance Program (BRAP)

Call (805) 658-4325 or visit www.wasteless.org for information on the free BRAP provided by the Ventura County Integrated Waste Management Division to businesses in the unincorporated areas of Ventura County. Businesses located within city limits should contact their city recycling offices for assistance.

Construction and Demolition (C&D) Waste Recycling

Visit www.wasteless.org for information and a list of facilities that accept C&D waste recycling. Per County Ordinance No. 4421, C&D requirements apply to many construction projects in order to meet landfill diversion requirements.

CalMAX Materials Exchange

Call (877) 520-9703 or visit: www.calmax.org for more information on this free countywide service promoting reuse and waste reduction through connecting residents and businesses with non-profits and local entities who may be able to 'reuse' items.

Medical Sharps Disposal (Needles)

Call the Ventura County Environmental Health Division at (805) 654-5007 or visit www.ventura.org for information on medical sharps disposal locations.

What Is Our Watershed?

Our watershed is the total land area from which stormwater drains into streams, rivers or other bodies of water. The storm drain system is a vast network of gutters, pipes and open channels designed for flood control, which directs untreated stormwater away from our communities. It is both illegal and harmful to allow solid or liquid wastes, including organic materials of any kind, into the storm drain system.
